Don't just take our word for it!

I've been working from the beautiful setting of Orchard Barn for some time, it has a beautiful feeling the moment you drive into the gorgeous yard with the birds singing, gorgeous lavender and various herbs to look at. I find my clients love the setting and always say how they feel instantly relaxed, friendly reception staff with lots of lovely bits to look at in the shop. The room I rent and facilities are perfect beautifully decorated & really home from home I feel really lucky to be able to run my business from such a special place. Highly recommend

Emma Bailey, Great Oak Therapies

The room is absolutely perfect. I had everything I needed.

The treatment bed is really comfy and the room is spotless and very calming. I did two beautiful treatments and looking forward to doing more.

Thanks again for such a warm welcome and all of your help.
